The CAPRA Symposium Committee will host a virtual interactive session to provide an update on the implementation of ICH Q12 in Canada and the revisions made to the Post-NOC Changes guidance document to support the implementation.

Attendees will learn the objectives and the scope of the ICH Q12 guidelines and the impact and benefits of its implementation. This symposium will also share recent pilot program experiences on Established Conditions (ECs) and Post Approval Change Management Protocols (PACMPs) from both Health Canada and Industry.

This symposium will provide attendees with an opportunity to raise questions and concerns about this topic.

This event will be of interest to:

- Regulatory Affairs professionals from medical devices, pharmaceuticals/biologics,
- Pharmaceutical Scientists and QA personnel
- Research and Development Scientists
- Manufacturing & Technical Services SMEs

Please share the news of this event within your organization.
