

Johanne Veenstra has worked as a Senior Regulatory Officer in the Centre for Policy, Pediatrics and International Collaboration within BGTD for the past 10 years.

She is currently a member of the Office of Advanced Therapeutic Products. Johanne actively sought policy experience to complement her technical expertise gained through 12 years as a Compliance Specialist within the Drug Good Manufacturing Practices Inspection Unit of the Health Products and Food Branch Inspectorate (now the Regulatory Operations and Enforcement Branch). Johanne holds a Bachelor of Science (B.Sc.) in Biochemistry from the University of Ottawa.

Johanne Veenstra

SENIOR REGULATORY POLICY AND RISK
MANAGEMENT ADVISOR
