

## Topic: DEL Developments: Where We Stand and What's Next?

In his present role as Quality Assurance Director, Brian is the Head of Quality for numerous client drug establishment licenses (DELs) and the management of more than 450 foreign sites covering a full range of product types and dosage forms. Brian started his early career in a lab setting conducting research at McMaster University followed by work in developing diagnostic kits for the detection of peanut allergens. He then transitioned to Quality Assurance and QA Consulting.

Brian brings more than 29 years of experience to this role, including 10 years in pharmaceutical Quality Assurance and 19 years in QA Consulting. Brian is well known to the Inspectorate as he has hosted more than 60 Health Canada inspections and he is responsible for the importation of 120 DINs. Brian's previous companies include GlaxoSmithKline, CanReg, OptumInsight and Therapeutic Products Inc.
