

**Matthew Ryan**

Health Canada

Manager, Office of  
Regulatory and Strategic  
Activities, ROEB

Matt is the Manager of the Office of Regulatory and Strategic Activities in the Medical Devices Compliance Program. He has been with Health Canada since 2005, working in pharmaceutical and medical device regulation in various roles, including project management, policy development, and as a senior advisor in the Director General's Office of the former Therapeutic Products Directorate, as well as the Assistant Deputy Minister's Office in the Health Products and Food Branch.

Before joining Health Canada, Matt spent 7 years working in pharmaceutical manufacturing and regulatory affairs. He holds an Honours Bachelor of Science and a Business Degree from the University of Waterloo.
