

Topic: Agile regulatory provisions for submitting risk management plans

Rachel Sampson is the Manager of the Marketed Health Products Directorate (MHPD)'s Regulatory Project Management Office (RPMO).

Prior to this, Rachel has held a number of positions within the regulatory space across the Health Products and Food Branch (HPFB) since joining in May 2010, including Manager of the Office of Submissions and Intellectual Property (OSIP)'s DIN Management Division; Regulatory Project Manager, Senior Regulatory Project Manager, and then Regulatory Affairs Manager within the Pharmaceutical Drugs Directorate (PDD's) Regulatory Project Management Division (RPMD); and Senior Regulatory Affairs Officer within in the Natural and Non-Prescription Products Directorate (NNHPD)'s Bureau of Licensing Services and Systems (BLSS).

As part of her current role, Rachel is also the Regulatory Process Lead within MHPD's Agile Core Team.
