

Dr. Robert Mitchell Baldwin

Dr. Robert Mitchell Baldwin is a Senior Clinical Evaluator in the Clinical Evaluation Division-Oncology and Radiopharmaceuticals of the Biologics and Radiopharmaceuticals Drug Directorate at Health Canada. Mitch holds a BSc in Biology and Pharmacology from McMaster University and a PhD in Biochemistry from the University of Ottawa, where he researched novel drug targets for treating a variety of cancers. He has more than 20 years of experience in preclinical cancer research and clinical premarket drug review. He joined Health Canada in 2017 and began working in the area of biologics. He is actively involved in reviewing and authorizing biologics for use in oncology.
